ONE IDEA

Orange Sky is the world's first free mobile laundry service for people experiencing homelessness – an idea founded in the garage of two 20-year-old mates, Nic Marchesi and Lucas Patchett. In late 2014, the boys installed a couple of washing machines and dryers in the back of their old van and visited parks around Brisbane, Australia to wash and dry clothes for free. What started as an idea to improve hygiene standards and restore dignity to people doing it tough has evolved into something much bigger and more powerful.

We hope your students enjoy this Activity Pack to learn more about Orange Sky and the issue of homelessness.

Colour Me In

ACTIVITY ONE

Add your favourite conversation starters to the speech bubbles!

Did you know?

Just like this picture, every Orange Sky shift has six orange chairs that we pull out to have genuine, non-judgemental conversations with our friends. While our friends wait for their washing, we love having a chat!

Make Your Own Sudsy Van

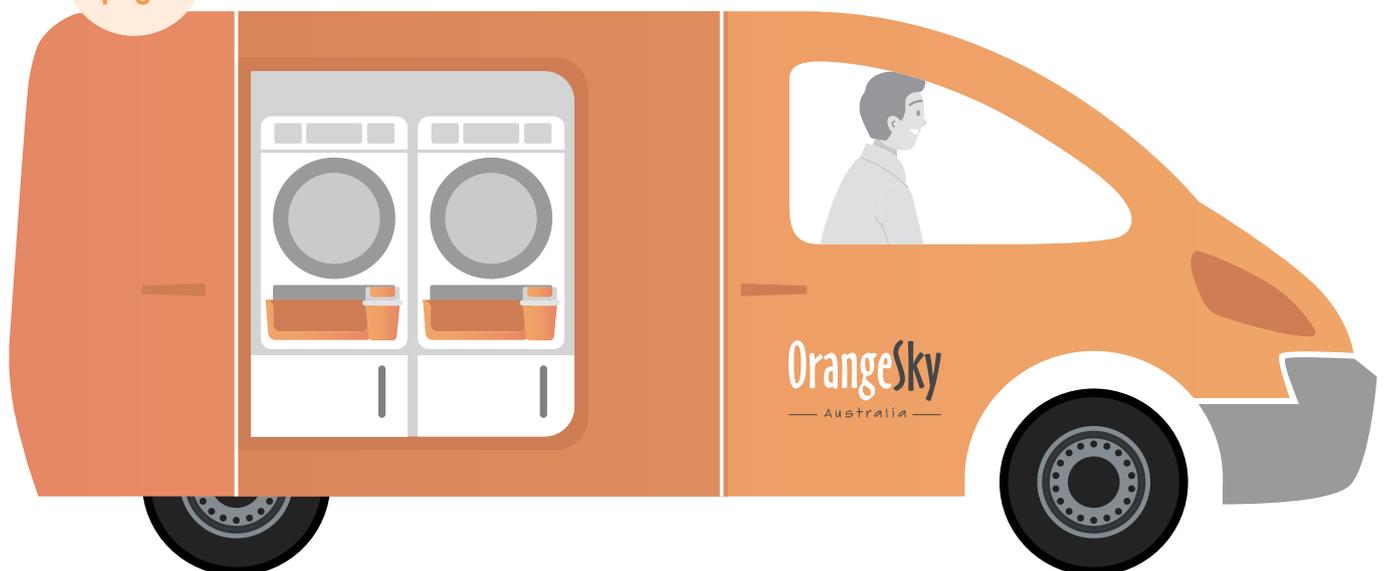

ACTIVITY TWO

Sudsy was our very first van and now you can make your very own! Young kids may need a little help with this one.

Some fun Sudsy facts

- Each of our laundry vans have two washing machines and two dryers!
- There are now vans just like Sudsy that operate all over Australia and New Zealand, providing loads of fresh clean laundry every week!

See next page

How to make it

You'll need

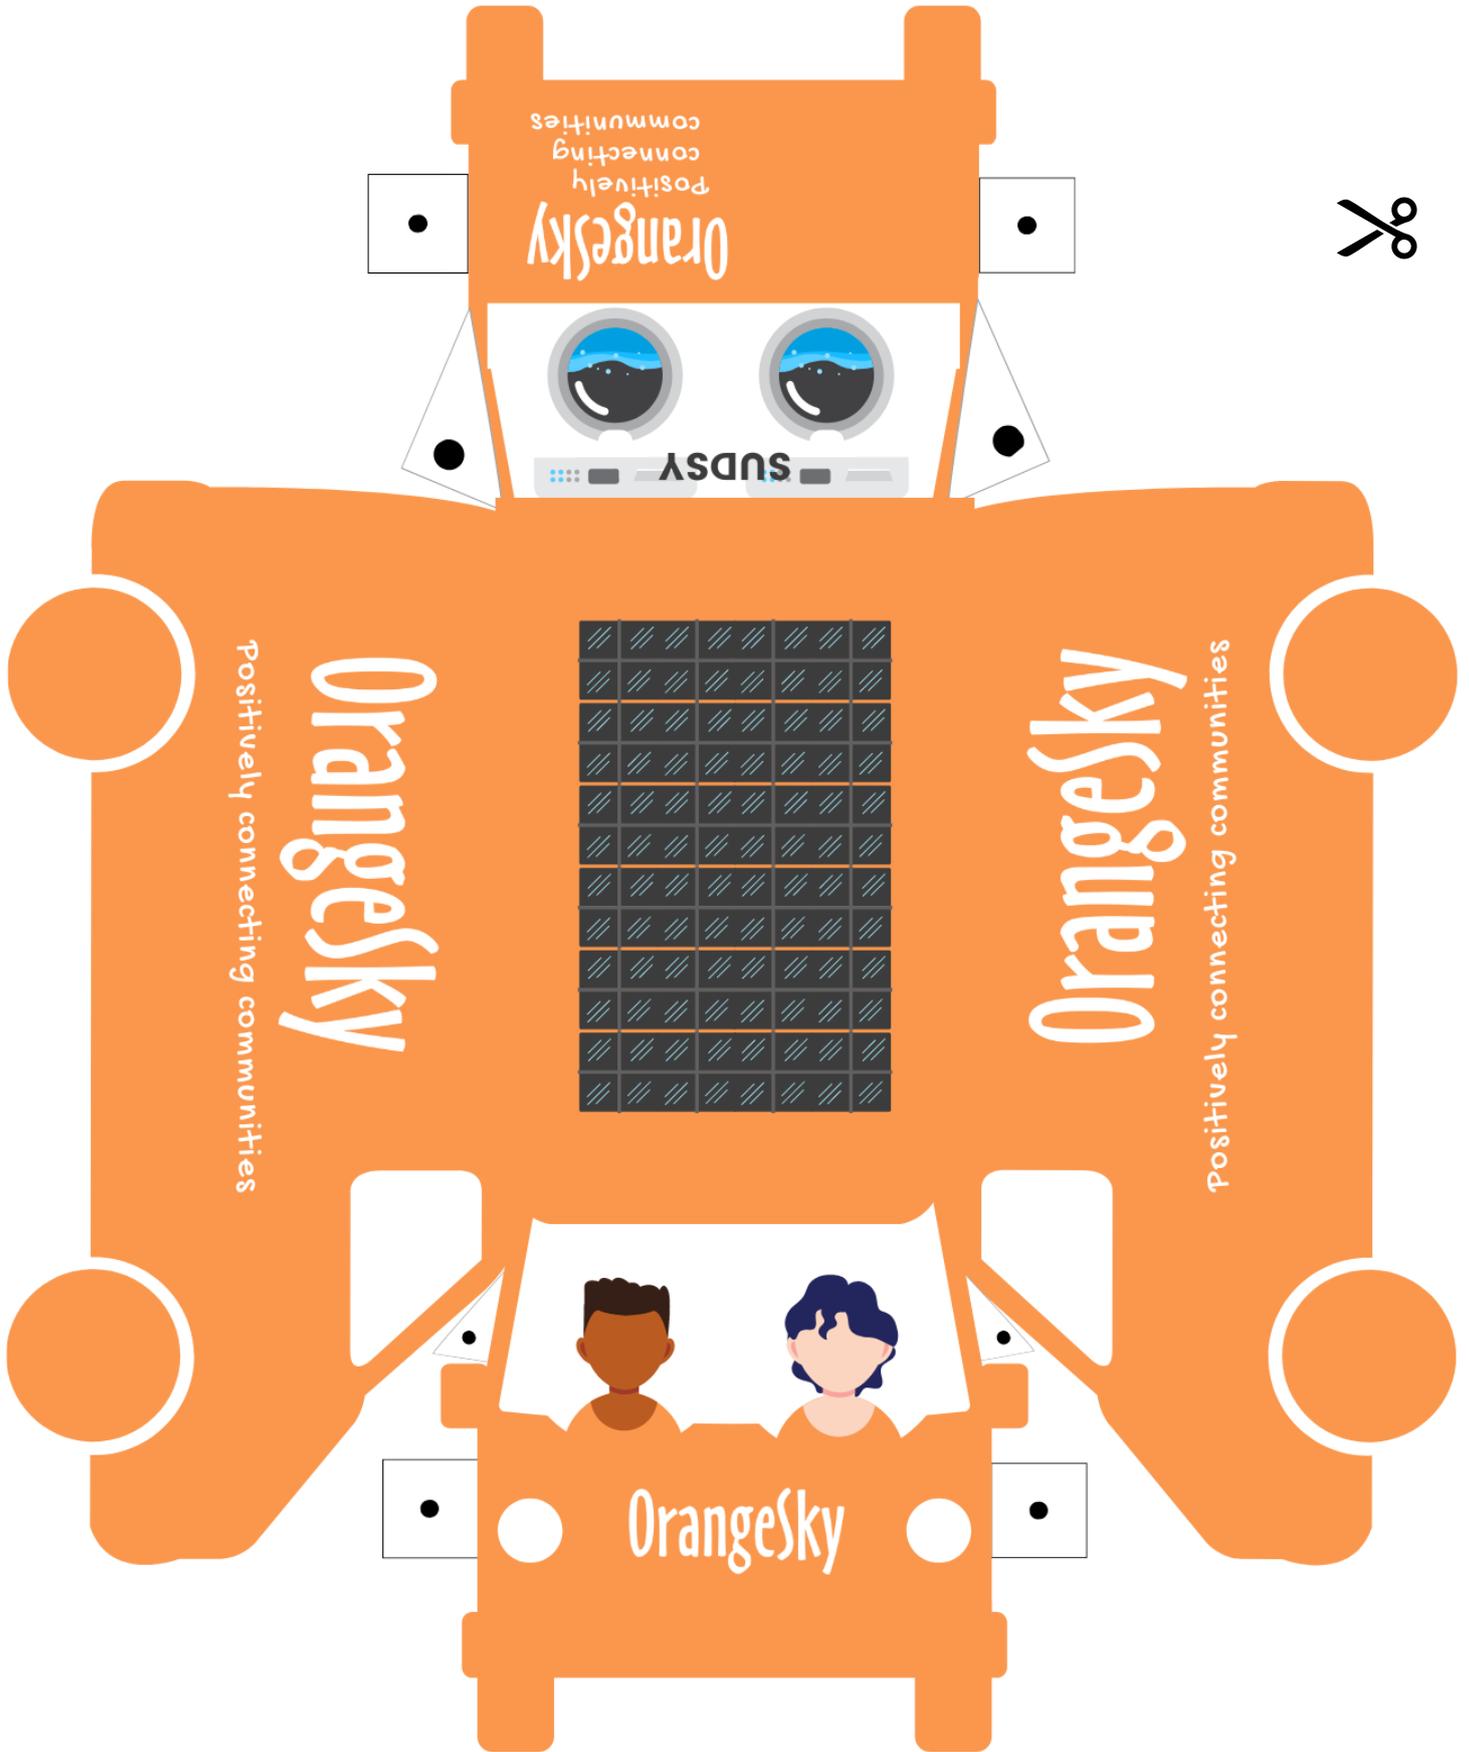

- One A4 sheet of white paper
- Colouring in pencils or pens
- Safety scissors
- Glue suitable for paper

Steps

- 1 Print off the Sudsy van template on the next page on an A4 piece of paper.
- 2 Flip the page over and write a message to a fellow volunteer, an Orange Sky friend, a family member or someone close to you. The message can be a thank you or based around our Summit theme of 'Better Together' and what this means to you.
- 3 Using scissors, carefully cut along the solid lines on the outside of the van - make sure not to cut off the little triangle tabs (indicated by dots).
- 4 Fold down the four sides of the van creating its shape, and then fold along the connecting line of each of the triangular connector tabs.
- 5 Using glue, paste the folded triangular tabs to connect the four sides of the van!
- 6 Display your Sudsy van with pride and always share what Sudsy and the fleet of Orange Sky vans do.

Orange Sky Washing Line

ACTIVITY THREE

Start conversations with an Orange Sky washing line. Cut out the shapes, colour them in and hang your washing line up to spark a conversation!

While Orange Sky provides a laundry and shower service, it's the connection and conversations that happen on our shifts that have the greatest impact. We hope your washing line can start some conversations!

How to make it

You'll need

- One or more sheets of A4 paper
- Colouring in pencils or pens
- Safety scissors
- 1.5 metres of ribbon or string
- Sticky tape or pegs

Steps

- 1 Print the Orange Sky Washing Line template on the next page on a sheet of A4 paper.
- 2 Colour in the Orange Sky shapes from the template.
- 3 Carefully cut out each shape following the solid outlines on the template.
- 4 'Spacing your out shapes' evenly, carefully attach them to your piece of ribbon or string using sticky tape or pegs.
- 5 Hang your amazing new Orange Sky washing line!

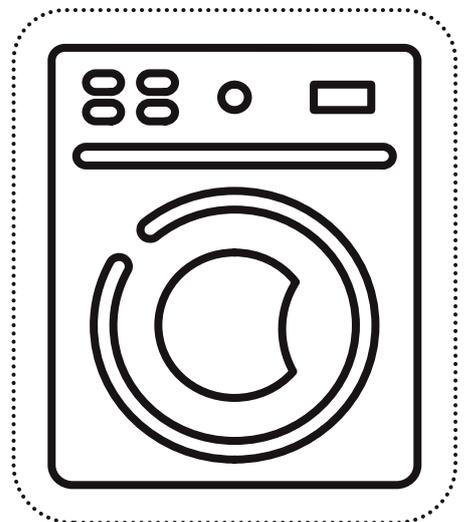

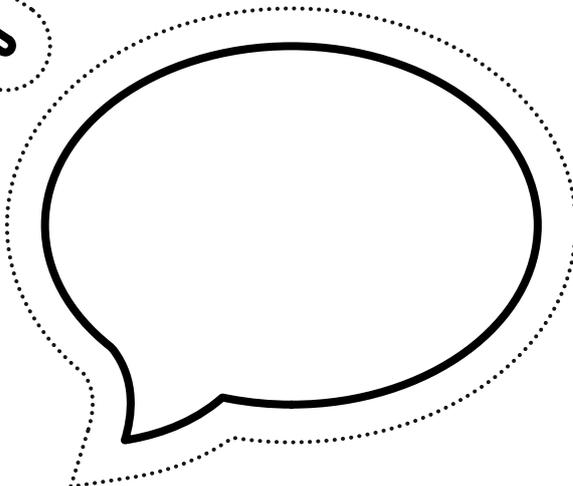

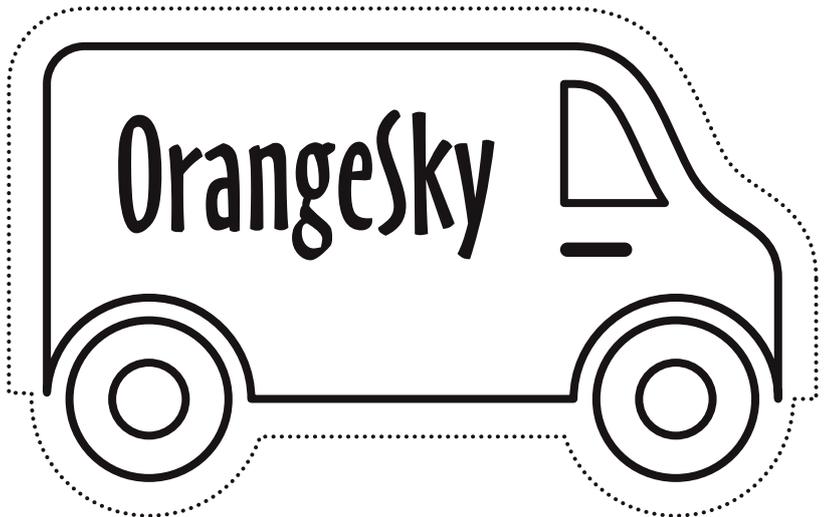

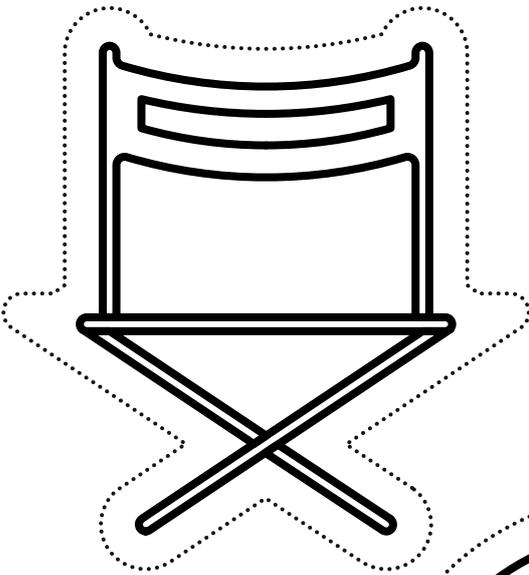

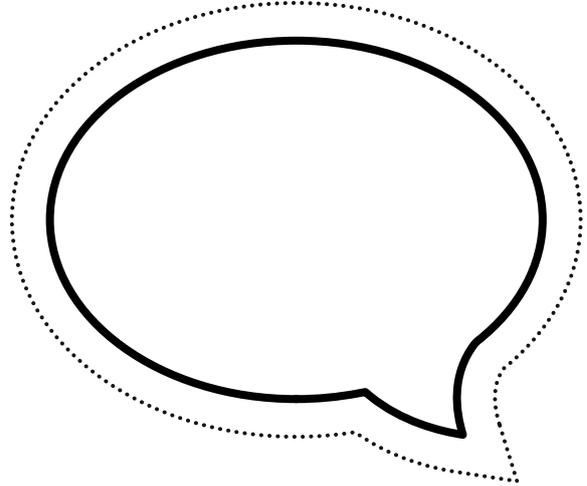

For extra fun or big groups

Photocopy the template page to make lots of individual washing lines, or an extra long line!

Conversation Starters

ACTIVITY FOUR

Use our conversation starter cards at the bottom of the page to get the conversations flowing at home or in the classroom to start chatting about homelessness.

Orange Sky's mission is to positively connect communities. That's why every day, our volunteers engage in genuine and non-judgemental conversations with friends experiencing homelessness.

Using our conversation starters

- 1 Print and cut the conversation starter cards.
- 2 Discuss the rules; be kind to each other, it's okay to 'pass' if you're not sure!
- 3 Take turns to draw a conversation card and read it aloud to the group.
- 4 Discuss the question on the card.
- 5 Adults should guide the conversation where needed.
- 6 Repeat until all cards have been used!

Classroom Tip

Place cards on six random students' chairs. Ask the six students to come to the front of the classroom to read out the questions for a class discussion.

Write a letter to a Friend

ACTIVITY SIX

There's no doubt clean clothes make us all feel better about ourselves, but Orange Sky's impact doesn't just rely on washers or dryers. Through conversations taking place on our six orange chairs, our volunteers connect with our friends on the street through genuine and non-judgemental conversation.

We'd love your help to connect our communities. Why not write a letter of support to someone who might be experiencing homelessness?

Things to think about

- For most people, homelessness is a temporary experience and not a definitive label.
- Not all people experiencing homelessness are sleeping on the street - it's actually a small percent. The majority of friends we help are living in shelters, boarding houses, temporary accommodation or severely crowded homes.
